

The Road Ahead ...

- I. Creation of a digital database of information of students, including all the Alumni's of the College.
- II. Regular publication of general Information Brochure containing basic information regarding career and jobs is planned, which would be printed and distributed among the students of arts, science and commerce.
- III. Creation of an independent website of the Career Counseling Cell where the students can update their feats, achievements and current employment details and other relevant information.
- IV. Specialized short-term courses for development of soft skills and leadership quality will be introduced.
- V. Linkages with Government organizations have served well in creating an ideal atmosphere, the future plan is to take it to the next level and introduce some new skill based courses which can create avenues for self employment as soon as the students step out of the college.

PRINCIPAL'S welcome message

Dear students,

Established in 1930 and situated in an enviable and charming ambience, Jagannath Barooah College (Autonomous), Jorhat has traversed a long way of about nine decades and is in the threshold of stepping into the centenary year very soon. The college has grown up into a glorious institution during its long journey with the best academic atmosphere. In the process it has accomplished many a mile stone in the field of higher education in this part of the country with much more yet to be achieved. It is high time to lift the institution to newer heights of excellence with a leveraging of the contemporary paradigms and discourses of higher education in Science, Humanities and Commerce. We have been constantly striving to provide quality education that would nurture knowledge, skill and attitude in individuals through a curriculum responsive to the changing socio-economic and cultural realities. Our effort is to realize the motto "The Light never falls" with a noble approach to address in a pragmatic way the educational needs of a huge section of the society. Re-accreditation of the College with Grade "A" by NAAC, boosted up the moral of the stakeholders to work towards lifting the college to a new pedestal to clinch academic excellence and research culture of a far higher order. It is also pertinent to mention that the college was conferred autonomy in the year 2016 and achieved the 75th rank among autonomous colleges in a survey conducted by Education World in 2021. The achievements that the college has acquired over the past few years are the establishment of modern Research Laboratories, Biotechnology Hub, instituting J.B. College Study Centers under KKHSOU and Directorate of Distance Education, Dibrugarh University, to name a few. The college has been successfully operating Post Graduate Programs in various departments and putting in place all efforts to start PG courses in certain other departments. Moreover, Workshops, National Seminars and other academic activities have been a regular feature with unprecedented success. To promote research culture among the minds of young learners cutting across all the streams, the college has introduced Ph.D. programme from the current session. These achievements of the college can be credited to the team work of the competent faculty with cooperation, constant support, feedback and expertise of all the stakeholders and we feel proud to be a part of it.

I, therefore, take this opportunity to extend a warm welcome to all to Jagannath Barooah College (Autonomous), Jorhat to accompany us in our long voyage in the direction of heights of excellence.

With best wishes

Dr. Utpal Jyoti Mahanta

Jagannath Barooah College (Autonomous), Jorhat

1. THE INSTITUTION

A brief overview

Jagannath Barooah College is a premier institution of higher education located in Jorhat, a city with a rich cultural heritage and a glorious historical background, in the upper part of the Brahmaputra Valley of Assam. The institution has been reaccredited by NAAC (National Assessment and Accreditation Council) in 2018 and awarded "A" grade on the basis of its performance in the field of higher education. J.B. College has also been conferred fresh autonomous status by the UGC with effect from 2016-17. Moreover, the Star College status has been awarded to the college by the Department of Bio-Technology, Ministry of Science & Technology, Govt. of India, under which four Departments namely Botany, Chemistry, Physics and Zoology have benefited immensely. Further, the college awarded 64th rank in the NIRF (National Institutional Ranking Framework) of MHRD (Ministry of Human Resource Development), Govt. of India in 2017. Responding to popular demand, J.B. College under the aegis of MHRD and Ministry of Defence, GOI and financial support from UGC has established Centre for Youth Development which will conduct NCC as a Generic Elective Subject.

The development of modern education in colonial Assam has a close connection with the establishment of this institution at Jorhat. The valuable contributions made by a dedicated group of scholars in the first quarter of the 20th century subsequently led to the formal initiation of an institution known as Upper Assam College at Jorhat in 1930. Just one month later its name was changed to Jorhat College and started its journey with IA Course under Calcutta University. It was again in 1938 that the college was renamed as Jagannath Barooah College in memory of Jagannath Barooah, the first Graduate of Upper Assam. The founder principal of this oldest institution of the region was Prof. Krishna Kanta Handique, renowned Orientalist, distinguished scholar and academician. The college now has a diversified field of teaching. Currently it has 22 departments, viz., Assamese, Bengali, Biotechnology, Botany, Chemistry, Commerce, Computer Science, Economics, Electronics, English, Geography, Geology, Hindi, History, Mathematics, Philosophy, Physics, Political Science, Sanskrit, NCC, Statistics, Sociology and Zoology. Except Bengali, Biotechnology, Computer Science, Sociology, Film Studies and NCC the other subjects have Honours Courses at the Degree level.

The regular post-graduate (PG) programme in Geography and Philosophy were opened in 1995 and 1996 respectively. From the academic session 2016, PG programme in Commerce, Assamese and Political Science in CBCS mood were started. From the current academic session PG in English, Physics and Mathematics are also started. Besides these, there are PG programme in Assamese, Commerce, Economics, Mathematics, Political Science and Sociology under the Distance Education Scheme of Dibrugarh University. There is also a centre of K K Handiqui State Open University under which different UG and PG programme can be pursued.

13. GENERAL PROGRAMME

13.A. CBCS

The Degree Programme (Honours) in Arts, Science and Commerce is of three year duration consisting of six semesters under a new system of evaluation called CHOICE BASED CREDIT SYSTEM (CBCS). The CBCS provides an opportunity for the students to choose from the prescribed courses comprising Core, Elective and Skill based. The courses will be evaluated following the grading system. Under CBCS, a student will have to acquaint himself/herself with the following concepts.

PROGRAMME :

The term programme is used to mean the whole learning experience or combination of courses in a particular field of study.

COURSE :

Programme is divided into a number of courses. A course may be considered as a paper in conventional education system.

SEMESTER :

The word "Semester" is used to mean a half-yearly programme or term of studies consisting of 15 weeks.

IN-SEMESTER :

The word "In-Semester" is used to refer to the continuous study and evaluation within the half-yearly programme.

END-SEMESTER :

The word "End-Semester" is used to refer to the terminal processes of examinations and evaluations at the end of the half-yearly programme.

SEMESTER CLASSIFICATIONS :

1st, 3rd and 5th Semesters -
Odd Semesters : July 01- December 20
2nd, 4th and 6th Semesters -
Even Semesters : December 21- June 30

13.B. CREDITS

Credit defines the quantum of contents/ syllabus prescribed for a course and determines the number of hours of instruction required per week. Thus, normally in each of the course, credits will be assigned on the basis of the number of lectures/tutorials/ laboratory works and other forms of learning required to complete the course contents in 15 week schedule:

- i) 1 Lecture per week = 1 Hour duration per week = 1 Credit
- ii) 1 Tutorial per week = 1 Hours duration per week = 1 Credit
- iii) 1 Practical per week = 2 Hours duration per week = 1 Credit

13.C. CBCS COURSE STRUCTURE

The Course Structure under CBCS will be as follows :

- i) CORE COURSE (CC) :** A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course (almost similar to erstwhile Major Course).
- ii) ELECTIVE COURSE (EC) :** Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/ subject/ domain or nurtures the candidate's proficiency/skill is called an Elective Course. There are two different types of EC as given below.

ii.a Discipline Specific Elective Course (DSE) : Elective courses that may be offered by the main discipline/subject of study are referred to as Discipline Specific Elective.

ii.b Generic Elective Course (GE) : An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure is called a Generic Elective. P.S.: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

iii) ABILITY ENHANCEMENT COURSE (AEC) :

The Ability Enhancement (AE) Course may be of two kinds: AE Compulsory Course (AEC) and Skill Enhancement Course (SEC). "AEC" courses are the courses based upon the content that leads to Knowledge enhancement. SE Courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

iii.a AE COMPULSORY COURSE (AEC) :

English Communication, Environmental Science.

iii.b SKILL ENHANCEMENT COURSE (SEC) :

These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based instruction. The SEC will be in 3rd and 4th semester.

Project work/Dissertation is considered as a special course involving application of knowledge in solving / analysing / exploring a real life situation / difficult problem. A Project/Dissertation work would be of 6 credits. A Project/Dissertation work may be given in lieu of a discipline specific elective.

14.b.iv. SELECTION PROCEDURE**B.Sc. Honours Programme**

Students passed in 10+2 examination in Science in 2021 and 2022 with an aggregate of 45% marks may apply for B. Sc. Honours Programme. However, students must note that the selection criteria for B.Sc. Honours Programme vary according to the subjects as given below;

I. CHEMISTRY :

- Students opting for Honours in Chemistry must have passed Physics, Chemistry and Mathematics at the 10+2 level with 40% marks in Mathematics. The merit list will be prepared on the basis of the total marks secured in Physics, Chemistry and Mathematics plus marks secured in Chemistry.

II. PHYSICS :

- Students opting for Honours in Physics must have passed Physics, Chemistry and Mathematics at the 10+2 level with 60% marks in Physics and 40% marks in Mathematics. The merit list will be prepared on the basis of the total marks secured in Physics and Mathematics plus marks secured in Physics.

III. GEOLOGY :

- Students opting for Honours in Geology must have passed Physics, Chemistry and Mathematics at the 10+2 level. The merit list will be prepared on the basis of the total marks secured in Physics, Chemistry and Mathematics..

IV. BOTANY and ZOOLOGY :

- Students opting for Honours in Botany and Zoology must have passed Physics, Chemistry and Biology at the 10+2 level. The merit list will be prepared on the basis of the total marks secured in Physics, Chemistry and Biology plus marks secured in Biology.

V. MATHEMATICS :

- Students opting for Honours in Mathematics must have passed either Physics, Chemistry and Mathematics OR Economics, Statistics and Mathematics at the 10+2 level with minimum 55% marks in Mathematics..

VI. ELECTRONICS

- Students opting for Honours in Electronics must have passed 10+2 with in Physics and Mathematics. Merit list will be prepared on the basis of marks obtained in Physics and Mathematics in 10+2 level.

VII. STATISTICS

- Students opting for Honours in Statistics must secure 40% marks in Mathematics at 10+2 level. However, 5% relaxation will be applied for those who have passed in Statistics at 10+2 level. The merit list will be prepared on the basis of the total marks secured in 10+2 examination.

21. EVALUATION UNDER CBCS

A. KEY CONCEPTS:

Before elaborating the evaluation pattern under CBCS, students must acquaint themselves with the following Key concepts.

i. Credit Point :

It is the product of grade point and number of credits for a course.

ii. Credit :

A unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to one hour of teaching (lecture or tutorial) or two hours of practical work/field work per week.

iii. Cumulative Grade Point

Average (CGPA) :

It is a measure of overall cumulative performance of a student of all semesters. The CGPA is the ratio of total credit points secured by a student in various courses in all semesters and the sum of the total credits of all courses in all the semesters. It is expressed up to two decimal places.

iv. Grade Point :

It is a numerical weight allotted on a 10-point scale.

v. Semester Grade Point

Average (SGPA):

It is a measure of performance of work done in a semester. It is ratio of total credit points secured by a student in various courses registered in a semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.

B. EVALUATION

Before elaborating the evaluation pattern under CBCS, students must acquaint themselves with the following Key concepts.

There will be two stages of evaluation - In-semester evaluation and End-semester evaluation

i. In-semester evaluation:

The weightage of in-semester evaluation is of 20% and the components are given below.

- an in-semester examination is an abstracted mode of the end-semester examination (15% weightage) and other forms of evaluation including group discussion/ seminar presentation/ home-assignment (5% weightage)
- In-semester examination shall be conducted by concerned departments with a centrally determined time schedule.
- Other forms of In-semester evaluation will be conducted by faculty members teaching the course as per their own schedules.
- The students will be informed in advance about the nature of assessment. Students shall compulsorily attend internal assessments, failing which they will not be allowed to appear in the End-semester examination. A Student cannot repeat in-semester examinations. However, if a student fails to appear in any of the In-Semester examinations for reasons considered valid by the department, the concerned department may arrange special In-semester examination whenever necessary.

ii. End-semester Examination :

- End-semester evaluation is of 80% weightage.
- End-semester examination will be conducted centrally at the end of each semester as per the academic calendar.
- The duration of End-semester theory examination will be restricted to a maximum of three hours per course.
- The schedule for the end-semester examinations will be issued by the Controller of the Examinations at least 20 days ahead of the examination.
- The end-semester practical examinations will be conducted by the concerned course teacher(s) with the help of the HOD.
- The End semester examination will be normally a written/laboratory based examination/ Project Work/ Dissertation.
- Setting of question papers, moderation of question papers, evaluation of answer scripts, scrutiny, tabulation of marks, etc. and announcement of results, will be governed by J B College (Autonomous) Examination Rules 2016 framed on the basis of Dibrugarh University Examination Ordinance 1972 (as amended from time to time).

C. PRACTICAL EXAMINATION :

Practical Examinations of a Semester will be held prior to the End Semester Theory Examinations.

D. AWARD OF GRADE, GRADE POINT, SGPA AND CGPA

- Grade and grade-points will be awarded for each course of a semester based on marks obtained by the student (Table-1). Semester Grade Point Average (SGPA) will be calculated for each semester on the basis of grade-points earned in that semester. The Cumulative Grade Point Average (CGPA) will be calculated for the entire programme on the basis of SGPA's earned in all the semesters

Table - 1
Determination of grade and grade-points for the courses

% marks obtained	Grade	Grade point	Description
90 and above	O	10	Outstanding
80 to 89	A+	9	Excellent
70 to 79	A	8	Very Good
60 to 69	B+	7	Good
50 to 59	B	6	Above Average
40 to 49	C	5	Average
< 40 (Unsuccessful)	D	0	Fail

E. SGPA

SGPA will be calculated for each semester on the basis of semester, according to the following mathematical relation.

$$S_n = \Sigma(C_i \times G_i) / \Sigma C_i$$

Where, S_n is the SGPA for the n^{th} semester C_i is the number of credits of the i^{th} course and G_i is the grade point scored by the student in the i^{th} course.

F. CGPA

CGPA will be calculated for the entire programme on the basis of SGPA earned in all the semesters, according to the following mathematical relation.

$$CGPA = \Sigma(C_n \times S_n) / \Sigma C_n$$

Where, C_n is the total number of credits in the n^{th} semester, S_n is the SGPA for the n^{th} semester

The following illustrations could be taken as an example for computing SGPA and CGPA: Calculation of SGPA from course-wise credit and grade earned by a student for any semester:

$$SGPA = \frac{(8 \times 6) + (4 \times 5) + (5 \times 4) + (6 \times 3) + (8 \times 2)}{6 + 5 + 4 + 3 + 2} = \frac{122}{20} = 6.10$$

Calculation of CGPA from the SGPA's earned by a student in six semesters along with total credit in each semester will be as follows:

Semester	Sem-I	Sem-II	Sem-III	Sem-IV	Sem-V	Sem-VI
SGPA	6.10	7.20	8.00	7.50	6.90	8.70 (Say)
Total Credit	20	20	22	22	24	24

$$CGPA = \frac{(6.10 \times 20) + (7.20 \times 20) + (8.00 \times 22) + (7.50 \times 22) + (6.90 \times 24) + (8.70 \times 24)}{20 + 20 + 22 + 22 + 24 + 24} = \frac{981.4}{132} = 7.43$$

Students will be awarded SGPA/CGPA values considering all the papers - core and non-core. Student (s) failing to earn minimum C-Grade in individual paper will be declared as unsuccessful irrespective of SGPA/CGPA value to qualify in each semester.

22. RESULTS

The CGPA, earned by a student, will be recorded in the mark sheets of the final semester. Final semester marksheets will be generated only for those students who have no backlog in the semesters. The SGPA earned by the students will be recorded in the mark sheet of each semester. SGPA will be calculated only for those students who have cleared all the courses in that semester. For those candidates (of any semester) whose mark sheets have been generated, the result will be declared as pass or fail. For those candidates whose mark sheets cannot be generated due to non-clearance of earlier semesters (in case of the sixth semester) or any other reason (for any semester), their results will be declared as withheld. Following rules will be applicable for declaration of result as passed.

- A candidate, will be declared as passed in a course, provided he/she secures-
 - at least 40% marks in the course in the end semester examinations.
 - at least 40% marks in the course in aggregate in the in- and end-semester examinations.
- A candidate will be declared as passed in a semester, provided he/she passes all the courses of a semester independently.
- The marks of in-semester examinations earned by the candidate will be carried over for declaring any result.
- A candidate who fails or does not appear in one or more courses of any end semester examinations up to Sixth Semester will be provisionally promoted to the next higher semester with the failed course as carry over course(s). Such candidates will be eligible to appear in the carry over course in the next regular examinations of those courses. However, the following restrictions will be applicable:
 - A student must clear his/her semester examination within Six (6) years from the date of admission to the first semester of any programme irrespective of the number of examinations appeared by the student, viz. 1st and 2nd semester examination will have to be cleared in six consecutive chances, 3rd and 4th semester examinations will have to be cleared in five consecutive chances, 5th and 6th semester examinations will have to be cleared in four consecutive chances.
 - If a candidate clears the sixth semester examination before clearing all the courses of the previous semesters, the result of the sixth semester examination of that candidate will be kept withheld and his/her results will be announced only after he/she clears the courses of the previous semesters.
- Since the Semester system involves continuous assessment, there will be no scope for a student to appear as a private candidate in any programme in this system.
- A candidate will be declared to have passed the Six-Semester Degree B.A./B.Sc./B.Com programme provided he/she has passed all the Semesters and in all the Courses separately.

23. MARK SHEET AND GRADE CARD

A mark sheet will be issued to each student at the end of every semester recording the course-wise marks/ grade/ grade-point earned by him/her, the result of the student (pass/fail) and the SGPA of the student (in case of passed students). In addition, the CGPA of the student will be recorded in the case of 6th semester students.

Note:

- Besides the minimum 140 credits a student can earn more credits by opting more number of Elective/ Ability Enhancement (Skill Based) Papers from 3rd Semester. However, the total number of credit score earned will not exceed 160 Credits.
- A student is eligible to appear in the end semester examination provided that he/she completes all credit hours allotted in each concerned courses. Student having shortage of credit hours have to fill the deficit engaging with the teacher(s) concerned and submit a certificate in this effect before the examination. Failing to comply with this lead to loss of a year on his/her part and as such he/she will have to apply for readmission in the same semester after one year.

24. RE-EVALUATION

If a student is not satisfied with the marks awarded to him/her in any end-semester paper, he/she may apply for redressal in standard format within 7 days of publication of result by surrendering his/her original mark sheet. The redressal process will proceed through the following stages:

- The evaluated script will be re-scrutinized and the result of re-scrutiny will be provided to the student. If satisfied, the process will be terminated; if not it will proceed to the next stage.
- He/She will be provided a copy of the evaluated script. If satisfied, the process will be terminated; if not it will proceed to the next stage.
- His/Her script will be re-evaluated and the result will be finally declared.

25. BETTERMENT EXAMINATION

A student will be given the opportunity of repeating one paper per semester for betterment purposes in the subsequent examination subject to the conditions that (a) the opportunity will be offered for only those courses for 4 or more credits, (b) no betterment opportunity will be allowed for practical papers (c) only one opportunity can be availed per paper opted for betterment and (d) the opportunity is to be availed in the next consecutive examination of the concerned semester. The candidates will have to apply for betterment examination within one month of declaration of result. In case of betterment attempts, the higher marks secured by the student shall be retained.

F. LIBRARY

The Central library, also known as Krishna Kanta Handique Library, is a Learning Resource Centre to support the educational and research programmes of the institution by providing intellectual access to information and data. It is situated at the midst of the academic complex of the college and is the hub of all academic activities. It provides comprehensive access to books, journals, reports, e-journals, online database, old manuscripts and many other resources covering diverse disciplines. The library is Wi-Fi enabled which allows users to access online information. Currently, it houses around more than 53,000 nos. of books, 27 nos of subscribed journals, 15 nos. of news papers, 134 nos. of encyclopaedias, 144 dictionaries, 162 nos of CD/DVDs containing electronic resource, 15 manuscripts and 3170 back volumes. In addition to these, library also provides services like photocopy, printing and internet access to its users.

The library has already introduced book searching facilities, to its readers through Web OPAC (<http://jcollege-opac.kohacloud.in>) through which user can search or access materials available at the library electronically. Further the introduction of library management software has provided a user friendly book borrowing system.

A new UGC networking center has been introduced in the library for academic purposes. The K K Handique Library has also accessed to nearly 31,35,000 e-books and 6,000+ e-journals through N-LIST. The KKH Library is also a member of National Digital Library of India which provides access to over 10 millions of documents in seventy different languages. The library is also equipped with a section which is specially designed for differently abled users. Another achievement of the library is its manuscript section which comprises 13 numbers of rare manuscripts (Sachipotia Puthi). Recently library has introduced a special section for differently able users to abolish all hindrances in learning.

27. STUDENTS' SUPPORT

a. Mentoring System :

Effective mentoring of graduate students by faculty members is an important key to a successful graduate programme. Keeping in view to the fact that teacher mentors maximize student growth and development, each faculty member has been assigned a group of students (Mentee) according to the strength of the departments at the Honours level for each semester. The process has been started with the belief that mentoring will help the mentee to reach her or his potential, to accentuate self-confidence and self reliance, provide career and psychological guidance.

b. Career Counselling Centre :

Career Counselling Cell, under the supervision of the Principal, is a consultancy wing of the college. It is designed chiefly for monitoring the students' academic interest and to disseminate information from time to time to help the student community to choose a career suitable to their needs, interest and aptitude. (Details information is enclosed in the page no 44)

c. Grievance Redressal and Welfare Cell :

Students are the most important stakeholders in the college. Recognising this fact the institution has empowered them to register their grievances regarding any aspect, whether academic or administrative, to the college authority. The grievances may be communicated in the form of written complaint and dropped in at the grievance redressal box placed for that purpose. For the welfare of student community, the cell will attempt to redress all grievances and their identities will be kept confidential.

d. Internal Complain Committee :

JB College is committed to provide a place of work and study free of sexual harassment, intimidation or exploitation. It is expected that all students, teaching faculty and employees will treat one another and visitors to the college with respect. All members of the college community, including those who are in contractual or short term positions are subject to this policy. Anyone violating this policy is subject to disciplinary actions taken by the Internal Complain Committee. The committee is constituted by the JB College as per the guidelines laid down by the Supreme Court of India.

e. Anti-ragging:

In view of the directions of the Hon'ble Supreme Court in SLP no. 24295 of 2006 dated 16.05.2007 and in consideration of the determination of the Central Government and the University Grants Commission to prohibit, prevent and eliminate the scourge of ragging including any conduct by any student or students whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness a fresher or any other student, or indulging in rowdy or undisciplined activities by any student or students which causes or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in any fresher or any other student or asking any student to do any act which such student will not in the ordinary course do and which has the effect of causing or generating a sense of shame, or torment or embarrassment so as to adversely affect the physique or psyche of such fresher or any other student, with or without an intent to derive a sadistic pleasure or showing off power, authority or superiority by a student over any fresher or any other student, and thereby, to provide for the healthy development, physically and psychologically, of all students, the JB College authority has created an Anti-Ragging Squad to implement "UGC Regulations on Curbing the Menace of Ragging in Higher Educational Institutions, 2009".

f. J.B. College Women Cell:

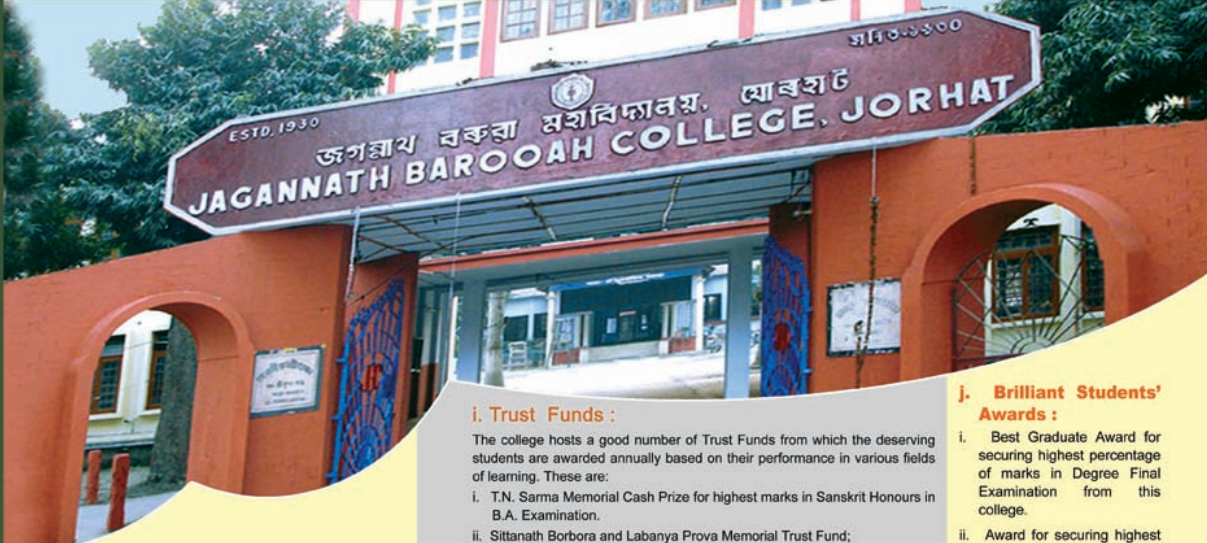

The JB College Women Cell has been functioning since 2004. It attempts to sensitize the student and teaching community on issues relating to gender discrimination, women's rights and empowerment. In the past, it has successfully organized programmes on female foeticide, sexual harassment, besides organizing self-defence workshops in association with state machinery. The Cell endeavours to involve both male and female students and faculties in its information dissemination and sensitization activities, so as to foster a healthy dialogue based on mutual trust, respect and co-operation. Besides these activities the Cell has also organized UGC sponsored national seminars and workshops on issues relating to women. Apart from these the Cell is also successfully supervising the crèche cum day-care centre which was established in 2007. In the academic field the Cell is also actively contributing by publishing regularly a peer reviewed Biennial Research Journal SROTOSWINI.
